ABOUT US

Awali Aljazirah is a pioneering Saudi national entity in the field of contracting and engineering services. Established with an ambitious vision, the company strives for leadership and excellence in executing construction and infrastructure projects.

We deliver our services according to the highest standards of quality and professionalism, combining local expertise with global technical competence to provide integrated solutions that meet modern demands and contribute to achieving the goals of Saudi Vision 2030.

We don't just build structures, we create integrated communities and lay the foundation for infrastructure capable of serving future generations.

VISION, MISSION & VALUES

VISION, MISSION

Mission

To provide integrated engineering and construction solutions based on quality, innovation, and safety, with a firm commitment to timelines and international standards aiming to build long-term partnerships with our clients.

Vision

To be the first and most trusted choice in the field of contracting and engineering services in the Kingdom, by delivering high-quality, sustainable projects that ensure client satisfaction and support national development.

OUR CORE VALUES

Quality:

We are committed to executing every project to global standards.

Commitment:

We fulfill our promises in both time and cost.

Transparency:

We believe that clarity and trust are the foundation of successful partnerships.

Innovation:

We embrace the latest engineering technologies and innovations.

Safety:

Protecting people, equipment, and project sites is our top priority.

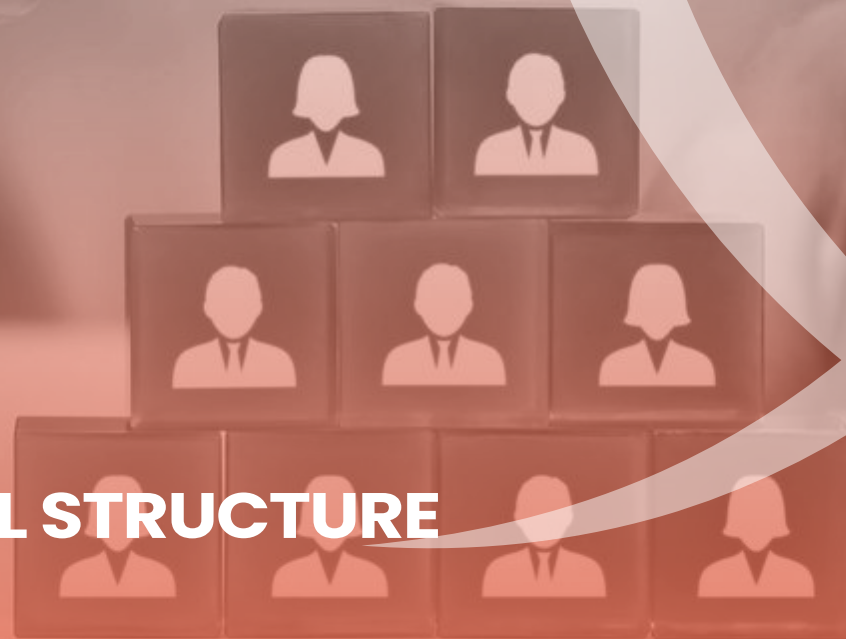

Teamwork:

We operate with a team spirit and achieve success through synergy and collaboration.
