CEO'S MESSAGE

As we bring 2025 to a close, I want to pause and reflect on a year defined by steady progress, strong teamwork, and meaningful partnerships. It has been a year in which KRH continued to grow with purpose, supported by the dedication of our people and the trust of our partners.

Throughout the year, we strengthened our operations across Kuwait and the region, expanded key partnerships, and improved the systems that support our daily work. These achievements were made possible by our teams’ commitment, who consistently delivered with professionalism, accountability, and care, often behind the scenes. To every member of the KRH family, thank you for the effort and responsibility you bring to your roles each day.

As we look ahead to 2026, we do so with optimism and clarity. The coming year will mark a significant shift for KRH as we place greater focus on integrating artificial intelligence into our daily operations. Our aim is not change for its own sake, but more innovative ways of working that improve efficiency, enhance decision-making, and support our people in delivering better outcomes.

Together, we enter the new year ready to build on our progress, strengthen what we do best, and continue creating long-term value as a trusted, value-driven partner.

MOHAMMED E. AL MUAILI

Mohammed E. Al Muaili

Operational Excellence in Action

KRH's 2025 Milestones in Bahraains

2025 marked a landmark year for KRH, defined by strong growth, operational progress, and deepened partnerships across the Kingdom of Bahrain. Central to this success was KRH's Logistics and Last Mile Delivery Division, which played a critical role in supporting expansion while maintaining consistently high service standards.

A key achievement during the year was the significant advancement of KRH's long-term partnership with Talabat. Through enhanced recruitment capabilities, improved rider management, and a more efficient operational structure, KRH achieved a 100 percent increase in service capacity compared to the previous year. This progress enabled KRH to meet Talabat's evolving requirements while reinforcing its position as a reliable partner in the last-mile delivery sector.

The renewal and strengthening of the long-term contract with Talabat reflects confidence in KRH's operational stability, commitment, and execution capabilities. Continued investment in digital tools, streamlined workflows, and workforce development allowed the Company to scale responsibly without compromising service quality.

As 2025 comes to a close, KRH stands stronger in Bahrain, driven by disciplined operations and a shared focus on value creation. Building on this momentum, the Company looks ahead to 2026 with confidence, prepared to deliver sustainable growth and operational excellence across its regional footprint.

KRH in Saudi Arabia

Scale, Reach, and Operational Strength

Operating across 20 cities nationwide.

A workforce of over 400 employees, ensuring strong operational support and service delivery.

Managing a fleet of more than 450 vehicles to support logistics, and daily operations.

Providing comprehensive sponsorship, logistics, across multiple sectors

Successfully delivering multiple large-scale projects throughout the year with high client satisfaction.

Maintaining strong coordination with internal teams and suppliers to ensure smooth execution across all locations.

KRH at the AUSA Annual Meeting & Exposition

KRH participated in the AUSA Annual Meeting & Exposition, engaging with a global community of industry professionals, partners, and decision-makers. The event provided a valuable platform to exchange insights, strengthen relationships, and explore opportunities for collaboration with organizations operating in defense and support services.

At the KRH booth, the team held focused discussions around the Company's capabilities, vision, and future direction, reinforcing the importance of a consistent presence at international industry platforms. KRH also welcomed Mr. Fawaz Al Khaled, Second Secretary at the Embassy of the State of Kuwait in Washington, D.C., during discussions that highlighted KRH's role in representing Kuwaiti expertise on the global stage.

Participation in AUSA reflects KRH's commitment to building long-term partnerships and expanding its international network.

“KRH's participation in AUSA reinforces our focus on collaboration, growth, and maintaining a strong international presence.”

Defensive Driving Training Initiative

KRH's QHSE team continues to strengthen safety standards through targeted training that supports safe and compliant operations. One key initiative is Defensive Driving Training, which equips drivers with the skills to anticipate road risks, make sound decisions, and prevent avoidable incidents.

Recently delivered to KRH drivers across multiple regions in Saudi Arabia, the program reinforces safe driving practices aligned with QHSE requirements. By investing in proactive training, KRH ensures that its drivers operate responsibly, protect lives and assets, and uphold the high safety standards expected across all projects.

Anchoring in Washington DC

KRH's U.S. Office Fuels Global Growth

KRH has taken a significant step in its growth journey with the establishment of a U.S. office in the Washington,

D.C. area. This move goes beyond geographic expansion. It creates a strategic base that strengthens KRH's ability to engage with U.S. Government stakeholders, enhance compliance, and unlock new opportunities that support both local operations in Kuwait and projects across the CENTCOM region.

Launching a New Government Business Line in Kuwait

One of the first outcomes of this expansion is the launch of a new business line focused on U.S. Government construction projects in Kuwait. By drawing on American partnerships and a deep understanding of U.S. Government requirements in the region, KRH has entered a highly regulated and competitive space that few local firms can access. This diversification adds long-term, federally funded projects to KRH's portfolio and reinforces its reputation for meeting strict quality, safety, and compliance standards.

Building Strategic Relationships

The U.S. presence has also accelerated relationship-building. KRH's team is now working more closely with its affiliate, KBH, to pursue joint opportunities and engage directly with key stakeholders at the U.S. Department of Defense and the Department of State. In parallel, relationships with major U.S. prime contractors are opening doors to subcontracting roles on large-scale projects where KRH's expertise in human capital and integrated support services adds clear value. These connections lay a strong foundation for future partnerships and growth.

In addition, we're strengthening ties with large U.S. prime contractors, leveraging these connections to access subcontracting opportunities on major projects where our expertise can add value. These relationship-building efforts expand KRH's network and lay the groundwork for future joint ventures and contracts.

Streamlining Opportunities Through Digital Visibility

To ensure disciplined growth, the U.S. office has adopted Salesforce as its centralized platform for managing U.S.-related opportunities. All project leads and bid activities are tracked in one system, giving leadership clear visibility into the pipeline. Data from GovWin, a government contracting intelligence platform, is also being integrated, enabling teams to monitor and assess relevant federal opportunities proactively. This structured approach supports faster decision-making and better resource alignment.

A Competitive Advantage That Endures

Having an established U.S. presence has quickly become a competitive advantage. It signals KRH's commitment to transparency, governance, and alignment with U.S. standards, which are often deciding factors in federal bids. Being based near the center of U.S. government activity also enables direct engagement through meetings and industry events, strengthening trust and credibility with contracting officers and prime contractors alike.

Positioned for Long-Term Growth

Most importantly, the U.S. office positions KRH for sustained growth. Early progress is expanding eligibility for future contracts and creating a pathway to enter other regions where U.S.-funded projects are active. As KRH builds a track record on U.S.-backed initiatives, it strengthens its ability to scale responsibly and remain competitive over the long term.

By anchoring itself in the United States, KRH is reinforcing its role as a reliable, forward-looking partner, prepared to support complex projects today while building the capabilities needed for tomorrow.

Scaling with Purpose: KRH's Continued Growth Across Kuwait and the GCC

This year marked a significant chapter for KRH, defined by steady growth, stronger partnerships, and an expanding portfolio across Kuwait and the wider GCC region. During this period, KRH welcomed new global, regional, and local partners operating across the region, including Accenture, Ingram, OPPO, WTW, Loro Piana, Keeta, SLB, TMC, Huxley, SWVL, Remotepass, Zain Omantel (ZOI), Channels by STC, Trolley, Delicates, and Delivery & More, among others.

KRH's services are not limited to a single market. The capabilities delivered in Kuwait in terms of quality, reliability, and operational efficiency are consistently extended across multiple GCC territories. Through an integrated regional network and experienced teams, partners benefit from the same high standard of service wherever they operate.

The year also marked meaningful progress in KRH's digital transformation journey. By integrating AI-driven tools and intelligent systems, the Company continues to enhance efficiency, optimize processes, and elevate service quality, enabling faster, smarter, and more reliable support for its partners.

KRH remains committed to growing with purpose by strengthening partnerships, embracing innovation, and setting higher benchmarks for service excellence across the region. On behalf of the entire team, we extend our sincere appreciation to our partners for their trust and collaboration.

"Together, we look forward to another year of shared growth, innovation, and success."

KRH at ABCK's 40th Anniversary Gala

“As a long-standing member and partner of the American Business Council of Kuwait (ABCK), KRH participated in the Council's 40th Anniversary Gala, marking a significant milestone in ABCK's role within Kuwait's business community.”

KRH's relationship with ABCK dates back to 2009 and has been built on shared values, mutual trust, and a commitment to supporting dialogue and cross-border business engagement. The gala brought together members, partners, and business leaders to celebrate ABCK's legacy and continued impact.

KRH's participation reflects its commitment to maintaining strong institutional partnerships and supporting platforms that contribute to the growth and development of Kuwait's business ecosystem.

KRH Strengthens Regional Engagement Through AmCham Qatar

KRH participated in the American Chamber of Commerce Qatar's Evening of Giving Thanks, an event that brings together business leaders, partners, and members of the wider AmCham community.

Through its involvement, including sponsorship, KRH reinforced its commitment to meaningful business engagement and strengthening relationships across the regional market. The event provided an opportunity to connect with key stakeholders and engage in constructive dialogue on shared priorities.

KRH's participation reflects its broader focus on collaboration, long-term partnerships, and active involvement in platforms that support business and economic development across the region.

KRH Champions 2025 Fueling Passion, Fostering Engagement!

“As we close another remarkable year, the KRH Champions journey stands as a true reflection of our belief that our people are our greatest strength. And at KRH, every story, every effort, and every passion counts. This initiative to enhance engagement has grown into a vibrant platform that bring people together through shared passions, healthy competition, and meaningful connections.”

Throughout 2025, KRH offered a wide range of activities designed to encourage participation beyond the workplace. From sports tournaments to singing competitions, these initiatives created opportunities for employees to connect, unwind, and showcase their talents while strengthening teamwork and camaraderie across camps and departments.

The Customer Experience team,

in close collaboration with the Support Services team, played a pivotal role in bringing these initiatives to life. Together, they created inclusive spaces where employees could do more than just participate—they could thrive. Inter-camp tournaments, hobby-based activities, and talent showcases allowed employees to express themselves, build bonds, and pursue interests beyond their daily roles.

Looking back,

the year was marked by the successful execution of multiple tournaments, including Football, Cricket, Volleyball, Badminton, Table Tennis, Chess, Carrom, Billiards, and Singing Competitions, with events conducted for both Gents and Ladies. These activities not only highlighted the diverse talents within KRH but also reinforced a strong sense of unity and team spirit.

The journey concluded with the grand KRH Champions 2025 Celebration,

a memorable event where KRH management, esteemed partners, and ambassadors from various countries came together to recognize and honor our champions. More than a celebration, the event symbolized appreciation, encouragement, and the collective spirit that defines KRH.

“As we reflect on the year gone by, KRH Champions 2025 stands as a testament to our commitment to employee engagement—celebrating effort, inspiring participation, and strengthening the culture that binds us together.”

Celebrating Our Champions

At KRH, teamwork and collaboration extend beyond daily operations. Throughout the year, the Company organizes internal sports tournaments across disciplines such as cricket, volleyball, and football, encouraging connection, healthy competition, and team spirit among employees.

“The tournaments conclude with a Champions celebration that brings together colleagues, clients, and official delegates to recognize winners, runners-up, and the collective effort behind each achievement. This year’s ceremony was held at Park Inn by Radisson Blu, providing a fitting setting to celebrate sportsmanship, dedication, and the strong sense of community that defines KRH.”

Empowering People Beyond Roles

Celebrating Talent, Sportsmanship, and the KRH Spirit

At Kuwait Resources House, we believe that our people are more than their job roles. Beyond daily responsibilities, many of our employees carry passions that define who they are—and at KRH, we take pride in supporting, encouraging, and celebrating these pursuits.

One such inspiring example is Vinesh T.K., whose passion for art allows him to bring emotions, moments, and stories to life on canvas. His creative journey extends beyond painting, as he has recently explored new artistic expressions through handcrafted décor pieces and creative design work, further reflecting his evolving talent. What truly stands out is his dedication—balancing professional commitments while consistently finding time to nurture his passion and create meaningful artwork. His ability to express, explore, and evolve through art is something we truly admire.

This year, that commitment bore fruit when the KRH Black Eagles represented us in a football league held at Arifjan, competing alongside Army teams. Displaying exceptional teamwork, discipline, and determination, the team secured 2nd place (Runner-Up)—a proud moment for every member of the KRH family. Playing at such a platform, alongside soldiers, was not just a tournament but a testament to confidence, courage, and collective effort.

These achievements go beyond individual recognition. Whether it is art, music, or sports, every success reflects KRH's belief in investing in people. When employees grow, explore their passions, and feel supported, it is a shared victory. At KRH, we strive to create an environment that feels like home away from home—where talent is valued, effort is appreciated, and every passion has a place to flourish.

Because at the end of the day, when our people shine, KRH shines with them.
